FORTY SECOND ANNUAL REPORT 2024-25

*"How abundant are the good things that you have stored up
for those who fear you, that you bestow in the sight of all,
on those who take refuge in you."*

(Psalms 31:19)

Respected President, Honorable Members and Beloved Well-wishers,

It is my bounden duty and privilege to present before you the 42nd Annual Report of Mar Gregorios Rehabilitation Centre for the Blind, for the year 2024-25.

Mar Gregorios Rehabilitation Centre for the Blind (**MGRCB**) is a charitable organization under the Malankara Orthodox Syrian Church and is engaged in the rehabilitation of poor differently-abled persons. This noble venture was started in 1983 by the late lamented Philipose Mar Theophilus Metropolitan as a project of MGOCSM, the student wing of the Church. At that time the plan was to look after poor visually impaired (VI) persons only. Later, in 1993, the services were extended to cover people with other types of infirmities such as orthopaedically handicapped (OH), hearing impaired (HI) and mentally challenged (MC). The area of operation at present consists of some portions of Thiruvananthapuram Corporation which were previously Vattiyoorkavu and Kudappanakunnu panchayats and four village panchayats around Thiruvananthapuram city viz., Aruvikkara, Karakulam, Vellanad and Vilappil, covering a total area of 114 sq. kilometers. The unique feature of **MGRCB is that the rehabilitation work is community based, which enables the beneficiaries to live and work in their own homes and environment.** Our Community Workers regularly visit their houses and render the necessary services. This system has the distinct advantage that the differently-abled persons are not dislocated from their homes; they continue to get help & support from their families and neighbours.

We provide medical, economic and social rehabilitation services to these poor differently-abled persons and the details are given below.

The rehabilitation work commences with the identification of needy differently-abled persons through field surveys. Our community workers then regularly visit them and give them counselling to enable them to come out of their shells of disappointment, helplessness and superstitions. The persons who need medical treatment are taken to various government hospitals in Thiruvananthapuram city by our workers. The medical rehabilitation includes treatment , surgery, physiotherapy, providing medicines and equipments such as artificial limbs, calipers, hearing aids, spectacles etc. During the year, 1558 medical examinations were facilitated. Medicines were given in 2029 cases; 425 visually impaired persons were given spectacles and three blind persons were given white canes. Aids and equipments were given to 135 orthopaedically handicapped persons. In addition, 12 cataract operations were also arranged.

After meeting their immediate medical needs, we try to rehabilitate the differently-abled persons economically. Several counselling sessions are usually required to make them receptive and self-confident. Vocational training programmes are arranged depending upon the client's aptitude and ability. Selected clients are then encouraged to start self-employment projects such as tea shop, vegetable shop, petty shop, electronic repair shop, provision store, tailoring, goat rearing, chicken rearing, envelope making etc. The financial assistance required for starting a project is provided by MGRCB. The income generated through such self-employment projects, though relatively small, makes the differently-abled person happy and enthusiastic, as the members of the family and community start to view them as useful and participating members of the society. During the reporting year, we have extended financial assistance to three people for starting self-employment schemes.

Educational assistance was given to poor differently-abled children and to children of differently-abled persons. There are many such children who are eager to learn but do not have the means. During the year we have provided assistance to 42 such students in the form of tuition fees, hostel fees, uniforms, note books, text books and transportation charges.

MGRCB has also been helping the differently-abled persons to get disability certificates, pension, bus passes, railway passes, etc. from various Government and other agencies.

The clients are being taken to Department of Physical Medicine & Rehabilitation (PMR) and other departments of Medical College, Sree Chitra Tirunal Institute for Medical Sciences & Technology, Public Health Centres(PHCs) and the like for regular and specialised care. Field-visit of doctors were also conducted wherever necessary. We thankfully acknowledge the service and contributions of Dr. Preena Babu (Vattiyoorkavu St Peters and St Pauls Church) and Dr. C. K. John (Peroorkada Thekkan Parumala Valiyapally) to the field visit.

Differently-abled persons are our brethren and we have a responsibility to do whatever is possible to alleviate their miseries and live with honour. In this context, MGRCB's role is significant and we need the support of all to carry on this noble work with greater vigour.

Some of our clients, have absolutely no source of income or have little to spare for nutritious food. Started in the Jubilee year of MGRCB, the food security programme aims to fill this gap by providing food kits with essential supplies including rice, lentils and spices.

In the beginning of the financial year, 34 families were supported through the JDF programme. Executive Committee members and some of the well-wishers accompanied the staff during the monthly distribution. We thank the efforts of all that labored in the distribution.

PAPER CRAFT UNIT

We are having a paper craft unit at MGRCB to enable the differently-abled persons to get engaged in productive work. "Kerala Kaumudi", Muthoot

Mercantile Ltd and Pentecostal Mission Trust, Thiruvananthapuram are some of the enterprises that give regular orders. We purchase the necessary paper in bulk from dealers. Cutting and punching are done at the Centre using machinery. They do the folding and pasting at their homes and keep them in bundles. Workers from MGRC collect these and send to the customers. The differently-abled people who are engaged in productive output of envelopes, are given remuneration according to the quantity of work done by them.

We have witnessed in the past, the upliftment of many of our clients individually and as a family.

All these have been made possible by the collective efforts rendered by our Executive Committee members and our staff, both in the field and office. The moral, advisory and financial support from members and well-wishers had been innumerable and invaluable. We are grateful to all those who stood with us by way of donations, field visits, and prayer support.

We are immensely grateful to God Almighty for all the provisions without which we could have done nothing. We bow our heads before Him for having used us in various ways to bring succor to these underprivileged brethren of the society.

May God bless us all and this ministry.
